

October 20, 2020

Dear Residents, Families, and Friends:

We want to inform you that at Barton House Memory Care we have identified confirmed cases of COVID-19 among residents and staff. We had a conference call with OIG, Louisville Health Department, Louisville EMS, and others to determine the best course of action. We will be transferring all residents that test positive for Covid-19 to a Red Zone unit at a nearby skilled facility.

We have initiated a major deep cleaning. We will continue to stay in close communication with local and state health officials to ensure we are taking the appropriate steps under the current circumstances.

We urge you to review the CDC website for information about COVID-19, including its symptoms, how it spreads, and actions you can take to protect your health: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>.

All of us at Barton House understand that this is a serious situation and might be frightening. Additional information about coping with stress can be found on the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/managing-stress-anxiety.html>

We encourage you to contact us with questions and concerns. The best way to reach us for now would be to email Executive Director Amy Clark at amy@bartonlouisville.com. Also visit our website for updates at bartonlouisville.com. Please know that the safety of our residents and staff is our top priority.

Sincerely,

Amy Clark

Executive Director Barton House Memory Care
